Galileo 100

1921 ★ 2021

September 30, 2022 was a wonderful day at Galileo!! Everyone was so excited we could finally celebrate Galileo's 100th anniversary!! The GAA, the PTSA, the ASB, the students, faculty and staff were all involved in the planning and presenting each part of the day! This celebration was part of the traditional Song & Yell held every fall. Besides the students attending this traditional and important spirit and class competition, we welcomed back many alumni and former teachers and staff to help in the spirit and celebration of this important anniversary.

**CONGRATULATIONS BETTI GRINNELL FOR SERVING
50 YEARS AT GALILEO!!**

Where Are They Now?

John Santos

As one of the most recognized musicians in the Afro-Latin genre, John Santos is a percussionist, vocalist, composer, teacher, and activist who has been involved in many facets of the industry. He is so renowned in the San Francisco Bay Area that the City of San Francisco declared November 12, 2006 John Santos Day. Born in San Francisco, California to Edward and Dorothea Santos, he spent his childhood in Bernal Heights. Although he had a great two years at Galileo High School (Class of 1973), Santos says that it didn't shape his career in music. It was actually his family's love of Afro-Caribbean and Cape Verdean music that inspired him to pursue it. He also played the drums with Raul Rekow, a friend who would later join Santana. Although he studied to be an electrician, he chose to dedicate his life to music.

He directed the groups *Típica Cienfuegos* (1976-1980), *Orquesta Batachanga* (1981-1985) and the *Machete Ensemble* (1985-2006), and currently leads the John Santos Sextet. He has performed and taught around the world since the 1980s. The courses he taught included 'Salsa Roots' at La Raza Graphics Center, 'The History of Afro-Cuban Music' at La Pena Cultural Center, 'Sounds of Resistance' at San Francisco State University and 'La Salsa: Birth of a Genre in New York City' at the Museum of the African Diaspora. Jesse Hamlin did a profile on him in the San Francisco Examiner on August 21, 1988 titled 'Afro-Cuban Folklore in New Jazz Mix', where Santos was quoted as saying "we offer an alternative to commercial latin music." Santos has released over 20 productions through his Machete Records label including *Mañana Para Los Niños*, *Hacia el Amor*, *Machete*, *Machetazo*, *Para Ellos*, *La Mar*, *La Guerra No*, *SF Bay*, *Tribute to the Masters*, *La Esperanza*, *Brazos Abiertos*, *Papa Mambo*, *Perspectiva Fragmentada*, *Filosofía Caribeña* volumes 1 & 2, *20th Anniversary*, *Siempre Clásico*, and others. On August 7, 2020, Santos released *Art of the Descarga* on the Smithsonian Folkways label with Raul Da Gama praising it for being "gentle, albeit powerful".

His next CD, *Filosofía Caribeña Vol.3: A Puerto Rico Del Alma* will be released in January. Santos is still active in the industry and teaching, but spends time with his wife and two children. He is the subject of a documentary titled *Santos: Skin to Skin* (Searchlight Films 2022) that premiered at the South By Southwest Film Festival in March. It is a wonderful documentary that discusses his life, art, and culture. He is a great example of a successful Galilean. I asked Santos his views on the controversy last year about potentially renaming schools in San Francisco because of the injustice-linked background of the names. When I asked him if the names of these schools should be changed, he said "There are bigger fish to fry."

Written by Samuel Clemens.

Through the Telescope

Sisvan Der Harootunian

I've written about this before. Galileo's iconic observatory has been dormant far too long. It is like a lion sleeping with its head on its paws.

The observatory located at the northeast corner of the school is observed by anyone from Bay Street and beyond; yet it is dysfunctional and a neglected structure.

What a shame. When I attended Galileo in 1951, Mr. Campbell, our science teacher, would regularly take us up to the observatory to view the stars and heavenly

objects. It was a thrill few high school students in San Francisco had the opportunity to experience. As recently as March 1997 Galileo invited the public to view the comet Hale-Bopp from the observatory. The event was meant as a fundraiser with a charge of \$50 per person. Included was a lecture by Fred K. Y. Lo, chairman of the Department of Astronomy at the University of Illinois. What ever happened to this kind of creative fundraising? In 2018 the Galileo Alumni Association held its second observatory fundraiser in South San Francisco.

The founders of Galileo had the foresight to include an observatory in its construction. More recently the school was renamed the Academy of Science and Technology. In keeping with its name and focus an astronomy class should be a part of its curriculum. That means the observatory should be restored. Current students are deprived of studying this science.

The GAA, along with the PTSA and ASB should combine their talents and resources to make the restoration of the observatory and telescope possible. There should be more fundraisers specifically intended for this project. This means dinners, donations both from individuals and companies. The SFUSD should support the project.

The telescope is the symbol of Galileo. We should again form a new committee to study costs and feasibility.

The observatory is as iconic as the Lion and the colors Purple and Gold. Let us, students, teachers, staff, parents and alumni make this happen. Galileo deserves it. And we can once more look at the stars.

BETWEEN THE LIONS - OCTOBER 2022

Greetings Mighty Lions! Here's what's happening at Galileo these days.

GALILEO CELEBRATES 100 YEARS!!

September 30, 2022 was a wonderful day at Galileo!! Everyone was so excited we could finally celebrate Galileo's 100th anniversary!! The GAA, the PTSA, the ASB, the students, faculty and staff were all involved in the planning and presenting each part of the day! This celebration was part of the traditional Song & Yell held every fall. Besides the students attending this traditional and important spirit and class competition, we welcomed back many alumni and former teachers and staff to help in the spirit and celebration of this important anniversary.

It was a warm Fall Day and spirits were very high for not only the Freshmen, Sophomores, Juniors and Seniors, but also for the Alumni, Former Administrators, Teachers and Students who attended! Everyone could feel the happiness and love for Galileo in each activity in the event. Everyone, students, adults and guests, were excited to be part of this very fun celebration and showed it in their cheers and applause! Our Alumna Mayor London Breed could not attend but she sent a wonderful City of San Francisco Proclamation.

Each class competed in the 4 events—Lion's Whisper Cheer, Galileo Fight Song, Big G Cheer and the Class Skit. Everyone in each grade level was so enthusiastic for their classmates in hopes of winning the event. As usually happens (but not always), the Senior Class won in the final tallies.

Judges for the Song and Yell were also excited to be back at Galileo for the traditional Fall event and celebration of Galileo. Former Principal John Quinn (1985-1996), Former Principal Margaret Chiu (2002-2006), Former Assistant Principal Dennis Chew, Former Assistant Principal Ralph Madsen, long time Galileo PE Department Chair and Athletic Director Ethan Winterling, and long-time Galileo Security, English Teacher and Photography Teacher Rob Schnitzer were the judges.

At the end of the event (while the scores were being tallied), there was a surprise announcement of a 5th event of the celebration. I had no idea what that was all about, which surprised me. Assistant Principal Marisol Arkin took the microphone and spoke to the crowd about celebrating my 50 years of service to Galileo! I was totally surprised and overwhelmed to say the least and the tears flowed. They presented me with a crown, a beautiful bouquet of purple roses and the title, "Homecoming Queen"! They seated me in a comfy red chair (we all wondered why it was on the athletic field) and a dance was performed right in front of me. I was surprised, honored, overwhelmed and wonder how so many Galileo Lions kept the secret and didn't "let the cat out of the bag!" After the event the student who designed and made the crown came to talk to me about how she made it. It is now on display in the Main Office.

During lunchtime which was right after the Song and Yell Competition, the PTSA offered grilled hamburgers, cheeseburgers and hot dogs in the courtyard. They had a wonderful grill set up with all the condiments for the hamburgers and hotdogs. The PTSA also provided cake for everyone as part of the celebration. There were four super large sheet cakes with Galileo decorations on them and everyone enjoyed the cake!

The PTSA and GAA also had Galileo T-Shirts, Sweatshirts and caps for sale all commemorating the centennial. More of these items are still available. To see what they look like and how to order, please go to: <https://www.galileoptsa.org/shop>

Photos and portraits of past years were on display in the Main Hallway as well as an early telescope from many years ago that was on the counter in the Main Office. It covered the entire counter. Many looked through the lens and were surprised that they could still see clearly. And yearbooks from past years were another popular item many enjoyed viewing. Galileo does have a nice collection of past yearbooks and does receive a number of these past yearbooks from families of Galileo alumni.

School tours were available for alumni and guests who wanted to see important places in the school including the library, auditorium, science and technology labs and the broadcast studio. Students led these tours.

HOMEcoming

The Song and Yell Class Competition is the beginning event in each year's Homecoming activities. The Varsity Football Game against Washington began at 3:00pm on Galileo's Athletic Field. Even though Galileo did not win the game there was a very exciting end of the game touchdown for the Galileo Lions!!

The Homecoming Dance was held at school for the first time in many years. The Van Ness Gym was where the dance took place and over 400 students attended. There were decorations, a DJ who also had a smoke machine, refreshments and lots of fun! The dance was held from 7pm – 10pm and both students and staff chaperones said it was a very fun event.

HALLOWEEN

Galileo's Halloween Celebration this year was so wonderful and fun!! Everyone was happy for not only the lunch time celebration, but for the whole day. The costumes, both students and faculty wore, were so creative and fun. As usual we had the parade and Halloween Costume Contest in the Courtyard at lunch time. The weather was great and the spirits were high!

A few of us knew just a short time ahead of this day that SFUSD Superintendent Matt Wayne was going to attend. He is visiting all the schools in the district and he heard that Galileo's Halloween Celebration is "one not to miss!" He even came in costume and was an eager participant in the events!

And a last-minute surprise participant was Galileo Alumna Mayor London Breed!! Just a few of us knew about her visit only a short time before she arrived. It was so great to see her and she came in costume!! She was elegantly dressed in a beautiful gown as a Queen from elegant history. She enjoyed all of the students in costume as we watched the parade of students. Next came the parade of faculty and staff participating. Then the judges announced the semi-finalists in both categories. Mayor Breed was a semi-finalist in the adult contest. Applause was flowing! The student winner and runner up were announced and one of them had a very creative costume—he was a Chain Saw! And then the announcement came for the Adult Winner and it was Mayor London Breed! The applause was thrilling and photos with the Mayor began right away with the adults stepping up first. The students were watching and Mayor Breed was most gracious and was photographed with many of our students who all asked for pictures with her.

Sometime during the celebration Mayor Breed spotted a former coach she had as a student when she attended Galileo and said to him, “Coach Winterling, you are still here!” At that Coach Kevin Adams stepped in and so did I for a great photo for all four of us!

JROTC

The outstanding news finally came that SFUSD would accept an offer from the US Army to financially support JROTC at six high schools—Galileo, Lowell, Washington, Lincoln, Balboa and Mission. Currently this is a 2-year commitment by the Army to help to rebuild the program. A recent story in the [San Francisco Chronicle](#) reported that enrollment in JROTC at all six schools reached 550 students, just one third of what it was a decade ago.

A quote from Jill Tucker’s article “S.F. school district set to restore JROTC” published in the [San Francisco Chronicle](#) on Wednesday, July 13, 2022 is as follows: “The program has been in place in the district for more than 100 years, offering students in-class and after-school leadership training, community service opportunities and a variety of experiences, including drum line, archery, robotics and other activities.”

Several days before this story, the [San Francisco Chronicle](#) had a front-page story about Galileo student Sofia Lopez, a Senior, who joined JROTC as a Freshman and she mentioned all the help, strength and variety of experiences from her active involvement in JROTC. This year she will serve as JROTC Battalion Commander. The new Superintendent of SFUSD, Matt Wayne was quoted in the article: “JROTC is one of many important programs in our high schools that can make a significant difference in the lives of our students.” Superintendent Matt Wayne began his position on July 1, 2022.

GALILEO ACTIVITIES RETURN

This school year (2022-2023) began with less COVID restrictions than last year. Masks are no longer mandatory; however, many students and staff continue to wear them. Students and staff are able to obtain masks at school and COVID testing is still encouraged but not mandatory.

Assemblies are back!! We had our usual opening assembly, The Welcome Assembly, during the first few weeks of school. It was so wonderful to see the enjoyment of all students and staff of being back in the auditorium for a happy start to this school year! Administrators and Counselors were introduced to the students and Peter Avila, Galileo’s new principal addressed the audience and was

rewarded with a tremendous applause. We all look forward to upcoming assemblies such as the Multi-Cultural Assembly, the Winter Assembly and more.

Food Fests have returned!! Our first Food Fest this year was held in mid-October. Many clubs and classes participated and the variety of foods offered for sale was wonderful. The Courtyard was filled with enthusiastic clubs and classes selling their selections and eager students and staff picking their favorite foods to purchase. Everyone smiled all during the event and now we are looking forward to the next Food Fest. SFUSD allows schools to have 4 of these each school year.

School Tours for 8th grade students and their parents who are interested in Galileo have started this year. The tours are once a week through the end of December. We have not been able to bring back the Shadow Program where interested 8th graders can join a Galileo student for the day to see how classes are conducted. Hopefully this helpful activity will return in the future.

GALILEO DRAGON BOAT TEAM

(GALILEO CELESTIAL DRAGONS)

Here's an update from Galileo's Leader, Katy Liang:

"The GCD Galileo Dragon Team would like to thank the GAA's support and will continue to enjoy our practice and races. This past year the GCD competed in 3 races, Youth Race, Long Beach, and the SF race. Some of our notable awards were 3rd Place in Division A (Youth Race), 2nd Place in High School Division A (Long Beach), 1st place in Open Division B for Boys (Long Beach), 1st place in Division C for Girls, and 3rd Place in Division A (SF Race).

We continue to practice every Saturday from 12 p.m. to 4 p.m. and Sunday from 11 a.m. to 2 p.m. We currently have around 50 members paddling for the team, and we have continued to grow our team at school through club days and posters. The current officers are Amy Wang (General Manager), Jasper Liao (Operations Manager), Thomas Lam (Captain), and Kelvin Li (Fundraising Chair). We are looking forward to the following races next April for our annual Youth Race at Lake Merced. Thank you again for your support and please come see us representing Galileo in the water!

Galileo LionDanceME Club

The Galileo LionDanceME Club would like to thank the GAA's support! We will continue to enjoy our practices and performances! This past year LDM has performed in: MGM Grand Hotel, Las Vegas (02/07/2022), Far East Cafe, Chinatown over a dozen times in this year alone, and the new Pak Rose Subway station, Chinatown (10/20/2022) along with hundreds of other locations.

We continue to practice every Tuesday and Wednesday in Galileo's courtyard after school with our current members (~15 strictly attending Galileo).

The current officers are: Cameron Wong, Alyssa Yuen, Eugenia Luk, and Kathy Wu. We are looking forward to being a part of future performances like school assemblies and, on a larger scale, the Rose Pak Station Grand Opening on November 19th. Thank you again for your support and please come see us representing Galileo with our new custom Lions!

READ THE PENDULUM ONLINE

Again, this school year (2022-2023) it is again possible to read Galileo's newspaper, "The Pendulum" [online] so you can keep up with what is going on at school. The Galileo Website has been converted to a new portal and the SFUSD is overseeing websites for all the schools. Simply go the Galileo website: [<http://www.galileoweb.org>] and on the front page on the right-hand side you will see [Pendulum Online](#) with "Read More." Simply click on that and you can read each edition of "The Pendulum."

SPORTS UPDATE

GALILEO ATHLETIC DIRECTOR GAVE US A SPORTS UPDATE:

GIRLS VOLLEYBALL: Girls Volleyball: Our JV team finished the season with a home win against Mission and finished 5th in the league, just missing the fourth and final playoff spot. The varsity team also finished the season with a win against Mission and was competitive all season against the strong division 1 teams.

GIRLS TENNIS: The varsity team finished the regular season tied for 3rd and will compete in team playoffs next week. This week our team competes in the singles and doubles tournaments. Coach Evan Roth is especially excited about two of our girls for getting 2nd Place in the All-City Novice Doubles tournament. They just started playing tennis two months ago, so it's a fairly big accomplishment for them.

CROSS COUNTRY: The Boys Varsity team will compete against Lowell for the City Championship title on Wed, Nov 16th, led by senior Mathias Camilli who will be racing for the individual City Championship title. He's followed closely by juniors Jackson Vazquez and Dario Gingrich and sophomores Shepard Petersen and Nico Rivas. On the Girls side, the team is looking to match their 3rd place team finish from last year, led by junior Noelle Kimotsuki who looks to improve on last year's 3rd place individual finish. Alumni and supporters should come out to the Golden Gate Park Polo Field to cheer on the team as the boys attempt to bring home the school's first city championship in XC. Girls Varsity race starts at 2:30pm and Boys Varsity at 3:15pm.

FOOTBALL: Coach Nick Naudain reports: "This year has been another tough one. Unfortunately, we have yet to win a game at the Varsity level. However, JV pulled out a victory against Albany during the preseason. There's some talent on the JV team that we are excited about developing.

The Varsity Team is improving as the internal issues iron out. As a program, we have suffered a few major injuries and we have lost a few coaches. Despite all of the turmoil and unfortunate events, the Varsity Team has an opportunity to win the last three games of the season and earn a playoff appearance. Wish us luck, we need all the support we can get! GO LIONS!!

Let me know what you'd like to hear/read about at Galileo. Bettie on the Beat will be happy to answer your questions and handle your requests.

GALILEO ALUMNI ASSOCIATION FUNDRAISING

- Since the state has cut back funding to public schools, many of the activities we enjoyed at Galileo now require outside monies to maintain. To date, GAA has contributed to the school newspaper, sports program, and graduation site. With your help, we hope to do even more in the future.
- Because of GAA's nonprofit status, your donations are tax deductible. Your cancelled check acknowledges receipt by GAA.
- I'm sure you remember doing car washes, bake sales, whatever you could to raise money for your senior activities. Students now have to work even harder to raise these funds. Don't forget your Alma Mater. GO LIONS! *Tax ID 30-0066848*

YES, I want to donate \$ _____ towards:

- ☐ Observatory (Telescope) Restoration ☐ Seniors (events/graduation)
- ☐ Science Dept. ☐ Dragon Boat ☐ Sports ☐ *Other

*Please specify "Other"

Is it OK to mention your name as a donor? Yes ____ No ____

**GALILEO ACADEMY
HALL OF MERIT
NOMINATION FORM**

CRITERIA

1. Nominee must have attended Galileo High School/Galileo Academy of Science and Technology in good standing prior to being nominated.
2. Nominee may be an individual (student, staff or faculty member).
3. Nominee must have made a significant contribution, after graduation or attendance, to his/her community, city, state, country, or globally. (Examples: science, technology, government, business, education, the arts, philanthropy).
4. Anyone, including Galileo alumni, faculty, staff, family or friends of a nominee may nominate a candidate. All nominations will be reviewed and facts about qualified nominees will be verified by the Galileo Alumni Association Hall of Merit Committee.
5. Posthumous awards may be given, so nominee may be deceased. If selected, he/she must be represented by a family member or recognized close friend.

I would like to nominate the following person for the Galileo Academy Hall of Merit:

Name of Nominee: _____

Field of Accomplishment: _____

Class of: _____ Phone: _____ Email: _____
Spring/Fall/Year

Address: _____
Street City State/Zip Code

Nominator's Name: _____

Address _____

Email: galileohallofmerit@aol.com

GALILEO SPORTS HALL OF FAME

NOMINATION FORM

CRITERIA

1. Nominee must have attended Galileo High School/Galileo Academy of Science and Technology in good standing at least 5 years prior to being nominated.
2. Nominee must have been an outstanding athlete. Examples: Member of a championship team, selected All City, hold a high school record, recipient of a specific individual or team award, considered by peers as worthy of being a member of the Galileo Sports Hall of Fame. (Consideration will be given for recognized athletic activities and/or accomplishments after graduation.)
3. Nominee may be an individual (faculty, coach, student) whose valued contributions to a specific sport or athletics in general at Galileo are worthy of consideration for this award.
4. Galileo alumni, faculty members, coaches, or family members of a nominee, may nominate a candidate. All nominations will be reviewed and facts about qualified nominees will be verified by the Galileo Alumni Association Sports Hall of Fame Committee.
5. Posthumous awards are given, so nominee may be deceased. If selected, he/she must be represented by a family member or recognized close friend.

I would like to nominate the following person for the Galileo Academy Sports Hall of Fame:

Name of Nominee: _____

Class of: _____ Phone: _____ Email: _____
